DETAILED ACTION

Claim Objections Withdrawn

The objection to claim 2, outlined in the previous Office Action, has been overcome by applicant's amendment. The amendment supplies a period at the end of the claim.

Double Patenting Rejections Withdrawn

The provisional rejection of claims 1-19 under the judicially created doctrine of obviousness-type double patenting, outlined in the previous Office Action, has been overcome by applicant's submission of a Terminal Disclaimer.

Allowable Subject Matter

Claims 1-19 are allowed. The following is an examiner's statement of reasons for allowance:

The closest prior art remains applicant's own work and applicant's submission of a Terminal Disclaimer renders moot the outstanding rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
